# About Greenconn

Established in 1998, Greenconn is a leading provider of cables and connectors used in automotive, industrial, and medical engineering, as well as telecom and consumer electronics. Our products include board to board connectors, pin headers, female header, box header, customized automotive connectors, RJ45 with transformers, high speed cable SFP, QSFP, Mini SAS, Mini SAS HD, Wafer, FPC, USB, Terminal Block ...etc.

As a customer-driven corporation, Greenconn is committed to service our clients as each of them is unique and one-of-a-kind. From designing and developing new products to manufacturing automation and quality control, we monitor every step of the process to ensure our customers' needs are satisfied to the best of our ability, while strictly adhering to international standards such as ISO 9001, TS16949, and QC080000.

Since 1998, Greenconn's dedication in customer service and quality control has gain trust and recognition of many established corporations in the industry. Greenconn is now servicing the clients all over the world from our office in Taipei, 3 factories in China, and over 20 distributors around the globe.

- 2013 07 / Jiangxi factory — QC080000 certification
- 2012 04 / Jiangxi factory expansion
- 03 / RJ Department was established in Jiangxi
- 2010 03 / Cable assembly department was established in Jiangxi
- 2009 08 / Greenconn — ISO/TS16949 certification
- 07 / Kunshan factory — ISO9001:2008 / ISO14001:2004 certification
- 2008 06 / Kunshan factory was established
- 03 / Jiangxi factory — ISO9001:2008 certification
- 2005 09 / Jiangxi factory was established — Greenconn Technology (Ganzhou) Ltd.
- 06 / Taipei office — ISO14001:2004
- 2004 09 / Greenconn hired OMRON's teacher to instruct quality control and 5S
- 2003 02 / Greenconn received formal order from OMRON
- 2001 12 / The products were approved by UL
- 04 / Taiwan & Shenzhen — ISO9001:2000 certification
- 2000 10 / Shenzhen Branch was established.
- 1998 10 / Greenconn Corporation was established in Taipei, Taiwan
